

Education, Research and Application Farm

Education, Research and Application Farm of AUVF was founded in 1977 to the land obtained from the Ministry Treasury in 1974. The farm was built within the boundaries of Orhaniye District (village) (İstanbul road at 35. km) in Kazan province of Ankara. Residential and farm land is set in 2251 acres. The land has facilities along with production areas for feed crops. 200 acres of the land is suitable for watering.

Cattle-breeding (dairy unit, intensive and extensive facilities), sheep-goat-breeding and poultry units (conventional and enriched cage eggs chicken coops, for Broiler) are included in the farm. In addition, horse unit (animals from the sera production of the Ministry of Health) along with pig unit is also available for students. Faculty farm also serves to public with commercially marketed eggs and in near future with milk and dairy products.

Education, research and other practical activities are conducted in the farm. For this purpose, the practical trainings are done in the farm for all grades of undergraduate and graduate students and interns; stage students; researchers. A dorm for the students is also available for boarding trainees of interns.

Directors of AUVF Education, Research and Application Farm

Prof. Dr. Ahmet ERGÜN	03.06.1982 – 12.09.1985
Prof. Dr. Abdülkadir AKCAN	12.09.1985 – 04.07.1988
Vet. Hek. Yusuf YALÇIN	04.09.1988 – 06.05.1995
Prof. Dr. Ahmet DOĞANAY	06.05.1995 – 12.01.2010
Prof. Dr. Necmettin ÜNAL	12.01.2010 – 10.01.2013
Prof. Dr. Yavuz CEVGER	10.01.2013 – 27.01.2016
